Education

Delhi Technological University (DTU) — *New Delhi, India*
Bachelor of Technology in Electrical Engineering | CGPA: 7.44 — **Aug 2023 – Jun 2027**

Krishna International School — *Aligarh, UP, India*
Higher Secondary Education (CBSE) — Class XII: 86.6% — **Apr 2022 – Mar 2023**

SVM Senior Secondary School — *Aligarh, UP, India*
Secondary Education (CBSE) — Class X: 90.8% — **Apr 2020 – Mar 2021**

Experience

MarkupX | *Analyst Intern* — **May 2026 – Jul 2026**

- Conducted market research, **15+** customer interviews, and benchmarked **10+** competitors to validate **product-market fit**.
- Developed **pricing strategy**, GTM roadmap, and **5+** differentiated USPs using market research and customer insights to shape the business model and product launch strategy.

Lokachakra | *Product Analyst Intern* — **May 2025 – Jul 2025**

- Defined target customer and MVP scope via **12+** product strategy and execution artifacts (PRD, user personas, ICP, GTM plan), driving insight-led feature prioritization and launch decisions.
- Analyzed **50** customer interviews, **100+** survey responses, and market data in **SQL** and **Excel**; built a **Power BI** dashboard (**5** KPIs) to identify priority customer segments and validate the ICP.
- Aligned **6+** cross-functional stakeholders on **4** frameworks (positioning, customer success, compliance, scalability).

Projects

Commercialization Strategy: Low-Cost Rural Connectivity | *Market Research, Business Strategy* — **Link**

- Quantified a **$1.2B** addressable market and formulated a **business case** for affordable rural connectivity across Tier-3 regions (population <**50,000**).
- Created a mesh-network deployment model projected to cut infrastructure costs by **60%**, supported by a **3-year GTM strategy** and **18-month** break-even analysis.

YOUth Safety Insights Engine (L&T Initiative) | *MS Excel, Python, MySQL, Power BI* — **Link**

- Digitized **46 pages** of handwritten survey data from **45 riders** into a structured dataset covering **10+** behavioral and demographic variables, ready for analysis.
- Cleaned and analyzed the data using Python (Pandas) and SQL, finding that **77.78%** of riders (35 of 45) always wear helmets and identifying the remaining **22%** as the target group for safety-awareness interventions.
- Designed a **2-page** executive **Power BI** dashboard (**4+** KPIs, **4+** DAX measures) enabling stakeholders to compare helmet compliance across demographic segments and prioritize interventions.

Student Engagement & Dropout Funnel Analysis | *Python, SQL, Power BI* — **Link**

- Traced where **4,000+** students dropped out of a multi-stage enrolment funnel, building a **SQL** pipeline (CTEs, Window Functions, JOINs) on Python-cleaned data to isolate the exact stages losing the most users.
- Segmented students into **4 risk tiers** and found one cohort dropping at **89%** against a **10%** baseline, plus three modules driving **15%+** of all drop-offs—the intervention points worth fixing first, surfaced in a **Power BI** funnel dashboard.

Skills & Competencies

Data & Querying: Python (Pandas), SQL (MySQL), Advanced Excel (Pivot Tables, VLOOKUP/XLOOKUP), Data Cleaning
BI & Reporting: Power BI (DAX), Tableau, Dashboard Design, KPI Definition & Tracking, Data Storytelling
Analysis & Research: Exploratory Data Analysis, Survey Research, Market & Competitive Research, Root Cause Analysis
Product Analytics: Cohort Analysis, Funnel Analysis, A/B Testing
Business & Stakeholder: Requirements Gathering, Stakeholder Management, Business & Product Strategy
Tools: Notion, Figma, Google Workspace, Microsoft Office

Positions of Responsibility

General Secretary | *IEEE DTU* — **May 2026 – Present**

- Directed **member engagement** and professional development initiatives, onboarding **300+** new members.
- Planned and deployed **3** editions of **VIHAAN**—North India's largest student-run hackathon (**1,500+** participants), managing budget, partnerships (**5+** sponsors), and cross-functional teams, overseeing **90+** student organizers.
- Mentored **30+** students as Electrical & Electronics SIG Mentor during TechWeek-25 organized by IEEE DTU.

Chief Fest Coordinator | *Technical Council DTU* — **Dec 2025 – Mar 2026**

- Managed end-to-end planning and execution of **INVICTUS'26** (Annual Techfest of DTU), coordinating **12+** cross-functional teams, **250+** volunteers, and **70+** technical events to ensure seamless event operations.
- Constructed **5+ execution frameworks** and streamlined workflows to improve participant and stakeholder experience.
- Led the **Social Media** vertical, running **10+** digital outreach campaigns reaching **200K+** users and **700K+** impressions.

Achievements, Extra-Curriculars & Certifications

- Qualified **GATE 2026** (Electrical Engineering) & ranked among the top **4%** in JEE Main 2023.
- **NTSE** Stage-I Qualified; appeared for the Indian Olympiad Qualifier in Mathematics (IOQM) & KVPY in 2021–22.
- Recognized with the **Outstanding Student Volunteer Award** at DSSYWLC'25 by IEEE.
- Orchestrated the **WIEVEK 3.0** STEM Initiative under IEEE Women in Engineering, collaborating with 4 Delhi NCR NGOs to promote gender diversity in engineering and impact **500+** students.
- **Certifications:** Python Programming (Coding Blocks) | Microsoft Excel (Udemy) | AutoCAD Electrical (Udemy).
